Our Mission

The association “Bible Broadcasting e.V. was founded to help Christian churches and organizations to go live on the Internet with their services, events and conferences.

This enables us to provide our partners with an ad-free platform with exclusively Christian content. Of course, we do not run any advertising.

We offer you a secure platform in a Christian environment, but we also use social media as long as we can.

Many of our services are free of charge for churches and ministries. You are welcome to support us with a donation.

As a member of our association, you can use all our services free of charge.

If you have any questions, we are here for you.

Jürgen Frölje 1st Chairman
froelje@bbrc.de

Guntmar Rüd 2nd Chairman

Our infrastructure

To protect ourselves and our partners from persecution and shutdown, we are building our own infrastructure. This means we are independent of social media, censorship, political interference and service providers.

Our main server for Germany is located near Frankfurt.

The streaming server has a latency of 0.5 seconds. This allows us to manage the direction of each event remotely. Viewers see the live stream with a delay of 0.5 seconds.

Our playout systems, which supply our four 24-hour channels with programmes, are located in Bremen.

Our Asian media centre is currently being built in Mulig Davao in the Philippines. Both streaming and media servers are being set up here. We are already supporting communities in the Philippines.

Our media server is located in the USA. It offers space for up to 6,000 videos. Our media library currently runs on this server.

Another streaming and media server with an even larger capacity will soon be connected to the network in Bremen.

Another streaming server is planned for Berlin.

For the further expansion of our server structure, we are still looking for communities and organisations that can provide us with server space. We will provide the hardware and software, and these partners can of course broadcast their events with priority.

If you are interested, please contact us by e-mail at:
info@bbrc.de

Church services

Broadcast your church services and events live on our platform.
If you have a YouTube channel, we can also broadcast your event there in parallel.

We can advise you on purchasing the right video technology and can also provide small churches with technology free of charge.

Since we are financed exclusively by donations and membership fees, we are very grateful for regular donations.

If your community or organisation becomes a member of our association, we offer a special service, as video work often fails due to a lack of personnel. We can carry out the complete transmission and direction from our office.

Directing and broadcasting the service of the 'Neues Leben' church in Berlin from our office in Bremen every Sunday from 11:00 am.

If you are interested, please contact us by e-mail at:
info@bbrc.de

Conferences

If you are planning a conference:

You should consider whether a live broadcast makes sense.

We offer the complete technology for the live transmission and recording of a conference.

You largely determine the costs for this transmission yourself.

As the organiser, you cover the travel costs for our team, as well as accommodation and meals.

You then make a donation to the association for the transmission/recording. The amount of this donation depends on your possibilities and is determined exclusively by you.

Recording and broadcasting of a conference
with over 1,000 participants from Frankfurt in 2023.

If you are interested, please contact us by e-mail at:
info@bbrc.de

Support our work

Our work is financed exclusively by donations and membership fees for ongoing operations and to fund our projects.

Our association is a non-profit organisation, donation receipts are self-evident. Single donations or regular donations are possible.

You can choose which project or area you would like to support.

Ongoing operations

What makes us different

Many churches use YouTube and other platforms as a media centre or for live streaming. Unfortunately, the contributions are then played back with adverts and the spiritual flow is interrupted.

Our media library and livestream are ad-free and can be accessed via normal search engines and, of course, via our portal.

Equipped for the futureIt is to be expected that Christian content will be censored away in public media, as some brothers and sisters have already experienced.

In the future, our channels will continue to provide Christian content that is faithful to the Bible and will not be influenced or censored by mainstream and political convictions.
Truth must remain truth.

We see it as our task to make our partners internet-savvy.
To this end, we offer personal training and extensive material in the form of tutorials, and because we have been broadcasting for over 10 years, we are in a position to install transmitters and provide them with programmes.

We are happy to develop concepts with you to create your own live channel and keep it in operation, and such live channels can also be created regionally within the framework of evangelical alliances.

We provide the internet structure.

If you have any questions, please contact us by e-mail:
info@bbrc.de

What makes us different

If you only want to make your content available to a limited audience (training courses), we will be happy to set up a protected space for you on our platform.

Today it is becoming increasingly important to network in order to utilise synergy effects.

We would be happy to work with you to build an internal or cross-community network. The aim is to strengthen the community and equip it for the future.

Smallest events

We help you to broadcast even the smallest events with a PTZ camera or mobile phone for your community.

If you have any questions, please contact us by e-mail:
info@bbrc.de

Application to become a private member

I hereby apply for membership of Bible Broadcastin e.V. As a full member,
I actively participate in the life of the association (full voting rights) .
As a supporting member, I support the association financially (no voting rights).
